

hackaTUM

Largest student hackathon 2017

2016

> 450 Applications

35 Volunteers

15 Sponsors – 10 Challenges

300 participants – 252 with project submission

A lecture hall full of hackers

Hundreds of creative thinkers

3 days of hacking and solving problems

2016 was a success for the TUM, the sponsors and the
hackers

Some sponsors still collaborate with the hacker teams

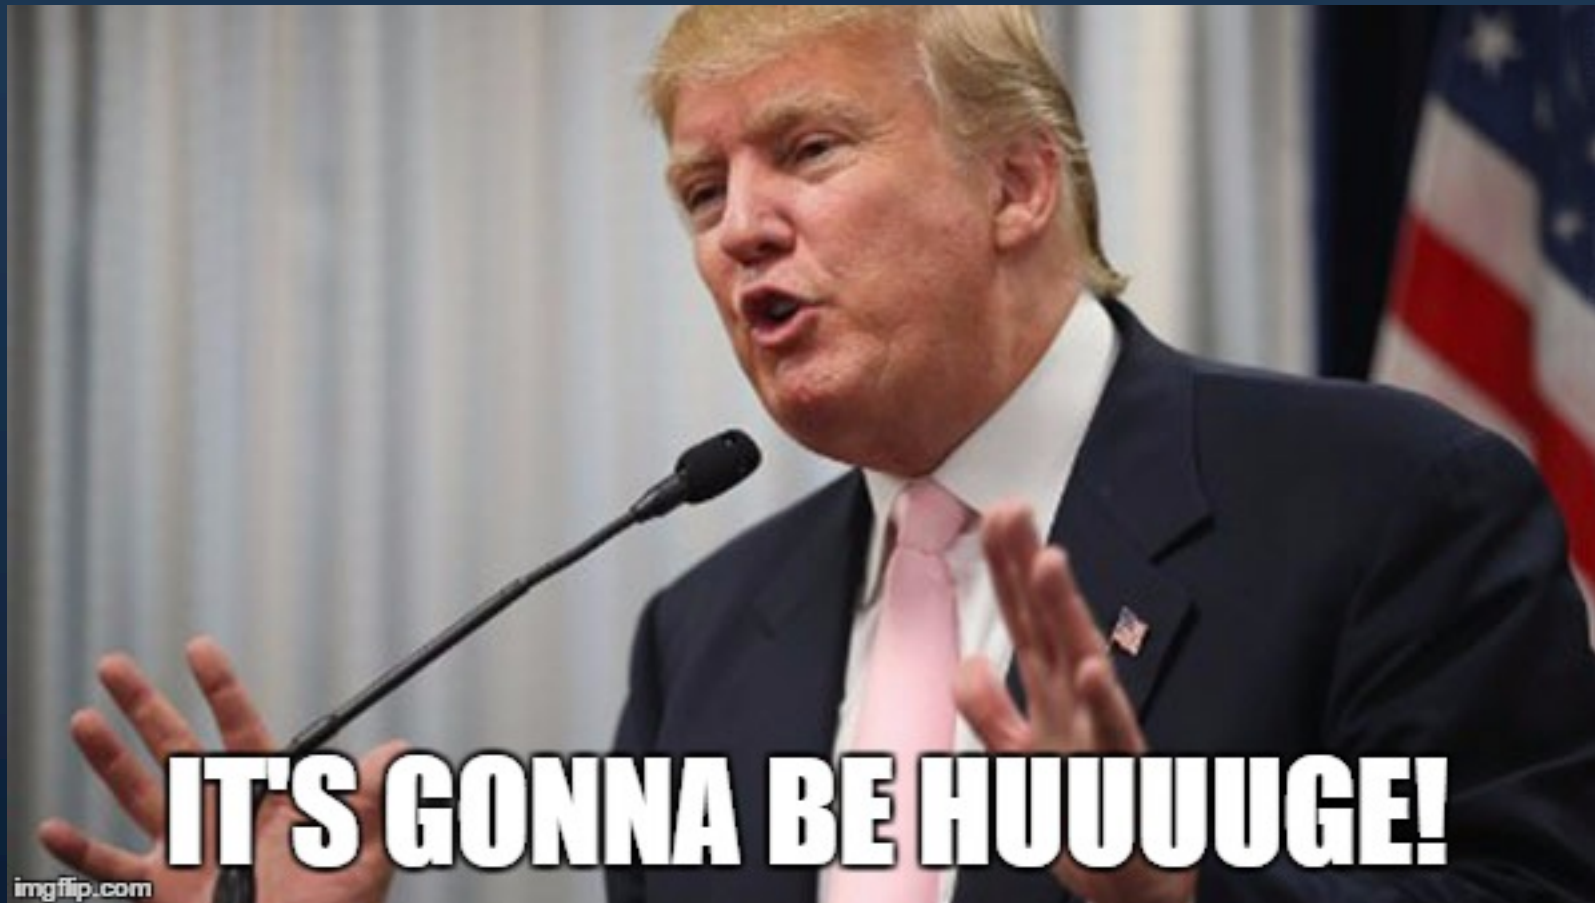

Perfect way to work closely with the best computer science students

Ideal way to bring external creativity into the company

2017

It won't be a big event

It won't be a big event

What to expect

3 days event in November 2017

500 attendees this time

Multiple tracks

Largest student hackathon in Germany
