

Together with its customers and sales partners, Allianz is one of the strongest financial communities with a presence in over 70 countries. Around 83 million private and corporate customers rely on Allianz's knowledge, global reach, capital strength and solidity to help them make the most of financial opportunities and to avoid and safeguard themselves against risks. Our ambition is to be the partner of choice - with excellent employees, top-notch operating performance and the necessary financial strength. Join us to be part of our community!

Allianz SE is the global headquarters of the Allianz Group. Our employees reflect the Group's geographic and functional diversity. Located in Munich Allianz SE can become the starting point of your international career.

## Working student (m/f) in Group IT Strategy – Standards

### Job Purpose/Role

With us you will have the opportunity to work in the area of Group IT Strategy and on IT Standards specifically. As part of an international team and in a professional environment you will have the unique chance to gain insights into the structure and processes of a strategic function of a globally acting financial services provider. You will work on topics related to defining and maintaining a group wide portfolio of IT Standards.

### Key Responsibilities

- Conduct technical review of building blocks of IT Standards Portfolio
- Consistency check of IT Standards Portfolio against strategic projects
- Regular update of the portfolio in alignment with technical experts
- Autonomous work tasks with a high degree of responsibility (e.g. small projects on research or conceptual work)
- Preparation and design of presentations for the management level as well as preparation of documentation for international meetings
- Support in project management tasks (status reporting, project planning and tracking, deliverables management, ...)
- Quality assurance and revision of documents, both text and calculation based (e.g. business cases, project and product descriptions)
- Stakeholder management on selected tasks
- Support on management of international IT Standards Portfolio

### Key Requirements/Skills/Experience

#### Qualifications

- You are in the last year of your studies (Bachelor/Master/Diploma); Preferred study areas: Information Technology, Computer Science, Business IT or Mathematics (with connection to IT)
- You are a friendly, trustworthy and reliable individual with a degree of confidentiality and courtesy and with the ability to provide pro-active organizational support where needed with a high degree of personal responsibility and an open mindedness
- You work well autonomously, or in a team, and are willing to take on responsibility. You are quick-witted and keen to deep dive into new and complex topics. IT Development & Operations should be an area of your main interest and a certain degree of network knowledge is beneficial

- You are an experienced MS Office (Outlook, Word, Excel and PowerPoint) user. In addition, you are an outstanding communicator with an above-average sense for team work and commitment. Finally, you are able to express yourself fluently in English.

#### Experience & Key skills

- Broad knowledge base on IT infrastructure, enterprise applications and IT-based services
- Organizational talent
- Out-of-the-box-thinking in a strategic context
- Ability to create new concepts and role models in a globalized IT environment

#### Additional Information

- Job Start: immediately
- Duration: 6 months for 16-20h/week (longer commitments preferred)
- Location: Munich
- Language English and/or German

Please note that your application can only be considered in case you are enrolled at university for the whole period of employment.
